Shotgun House Design Lab

NEW ORLEANS CULTURAL STUDIO | LESSON 58 | GRADES 3–5 | STUDENT STUDIO BRIEF

Your challenge

Analyze local shotgun-home proportions and design an original street elevation showing a home adapted for climate and community.

Three questions before you begin

1. Who created the local art, object, or practice we are studying?
2. What will you make that is distinctly your own?
3. How will your audience know the meaning of your choices?

Investigate, sketch, choose

Collect two references with their creators or sources. Draw three small alternatives. Circle the one that best meets your idea and explain why.

Make and improve

Make a labeled façade and two design variations. During critique, identify a visual strength, ask one authentic question, and revise at least one part of the work.

Cultural care

Discuss builders and residents, not just picturesque façades; distinguish observation from copying private homes.
