Patterns From a Gathering

TEACHER GUIDE • lesson design & facilitation

Grade band: 3–5 | 4–5 sessions, 45–55 minutes

Media: washable art media and cut-paper supplies

The artistic problem

Design an original patterned cloth or placemat inspired by shared experiences.

Essential question: How can pattern communicate the feeling of gathering?

Place-based cultural lens: Examine how textiles and decorative objects appear in Gulf South cultural collections.

Learning targets

- Investigate the question: How can pattern communicate the feeling of gathering?
- Apply motif design, symmetry, repetition, color cadence in a deliberate original composition.
- Use critique evidence to improve motif design and name one next step.

Student-visible success criteria

- The final artwork solves this problem: Design an original patterned cloth or placemat inspired by shared experiences.
- Artwork includes an original motif repeated with one purposeful variation.
- Process evidence shows three different options before selection.
- Visual decisions demonstrate motif design and support the intended audience.
- Feedback results in at least one visible revision that the student can explain.

Standards & studio habits

Louisiana Grade 3–4: VA-CE-E1, VA-CE-E3, VA-AP-E6; Grade 5 (5–8 cluster): VA-CE-M2, VA-CE-M7

Studio Habits of Mind: Develop Craft, Stretch & Explore, Express, Reflect. These habits are developed interactively, not in a fixed rank or sequence.

Instructional alignment: Louisiana benchmark codes are official broad grade-cluster benchmarks; specific expectations are developed locally. The ten instructional stages come from the supplied Artistic Investigations framework.

Preparation & materials

- Drawing paper or sketchbook for idea studies
- washable art media and cut-paper supplies
- Samples and images from reliable sources, with attribution
- Tools appropriate to local safety rules and grade level
- Choice of visual, oral, or written reflection tools

10-stage teaching sequence

01 / Engage Present the artistic question: How can pattern communicate the feeling of gathering? Give students two contrasting examples that do not dictate a finished product.

02 / Investigate Examine how textiles and decorative objects appear in Gulf South cultural collections. Gather visual evidence and note what is observed rather than assumed.

03 / Skill Studio Demonstrate motif design, symmetry, repetition, color cadence. Make thinking visible by testing two alternate solutions and identifying what each communicates.

04 / Generate Develop three possibilities for the challenge: Design an original patterned cloth or placemat inspired by shared experiences. Change the focal point, material, arrangement or viewer perspective between drafts.

05 / Plan Compare sketches to the success check (an original motif repeated with one purposeful variation); choose a direction and state why it better communicates the intention.

06 / Produce Produce an original visual response using motif design, symmetry, repetition, color cadence; conference on one technical choice and one contextual question.

07 / Critique Partners identify where the artwork communicates the intended idea and locate evidence of motif design in the work.

08 / Revise Revisit the specific checkpoint: An original motif repeated with one purposeful variation. Make one visible change after critique and preserve the initial view for comparison.

09 / Present Present with a title, medium, one key artistic decision and any needed credit or contextual limitation.

10 / Reflect Reflect: What evidence proves you improved motif design? What will you try or investigate next?

Studio sessions & evidence checkpoints

Session	Teaching move	Capture evidence
Day 1	**Observe + question** Examine how textiles and decorative objects appear in Gulf South cultural collections.	Notice/wonder log and initial study.
Day 2	**Develop craft** Demonstrate motif design, symmetry, repetition, color cadence. Make thinking visible by testing two alternate solutions and identifying what each communicates.	Technique trials and feedback.
Day 3	**Generate + plan** Produce three proposals and select one using criteria.	Three thumbnails and written/oral rationale.
Day 4	**Produce + critique** Create and test work against the checkpoint: An original motif repeated with one purposeful variation.	Work sample and peer response.
Day 5	**Revise + exhibit** Make one substantial change; present and reflect.	Before/after evidence and a precise next step.

Key technique to model

motif design, symmetry, repetition, color cadence

Access without lowering the artistic goal

Allow invented stories, school events, and personal experiences; sharing family customs is optional. Offer physical samples, captioned images, accessible demonstrations, flexible planning modes, and alternate materials while retaining the common visual learning target.

Teacher coaching questions

- What is the visual problem you are solving?
- Which decision communicates your intended meaning most clearly?
- What does your reference prove, and what are you still imagining?
- What could a viewer misunderstand?
- What visible revision will strengthen your next version?

Cultural care

Do not lift patterns from Indigenous, sacred, or copyrighted textiles.

Stretch & explore

Change the same motif using a second color system.

Design provenance: Original Studio Fieldnotes investigation developed for the 50-lesson library; informed by the teacher-supplied ten-stage Artistic Investigations architecture and reflective Studio Habits framework.
